

Welcome to the

RHC COVID-19 Testing Technical Assistance Webinar

This webinar is brought to you by the National Association of Rural Health Clinics and is supported by cooperative agreement G27RH39211 from the Federal Office of Rural Health Policy, Health Resources and Services Administration (HRSA). It is intended to serve as a technical assistance resource based on the experience and expertise of independent consultants and guest speakers.

The contents of this webinar are solely the responsibility of the authors and do not necessarily represent the official views of HRSA.

COVID-19 and Rural Health Clinics: Ask us Anything!!

Charles James Jr

Common Questions - Shannon

- Can I update my information within the system? YES!!
- Do I have to report by TIN number? YES!!
- Does this include Antibody Testing? YES!!
- Can I use it for staff time for COVID testing? YES** (Don't double dip.. If using PPP funds, etc)
- Does specimen collection count as testing? YES!!

Common Questions - Charles

- What is going to happen when the PHE ends?
- What can I do with my testing funds?
- How will we get paid for the COVID vaccine?

Are you already enrolled in Medicare?

If you're enrolled in Medicare under these institutional or non-institutional provider types, you don't need to take any action to administer and bill the COVID-19 shot, either through individual claims or roster bill, without enrolling as a [mass immunizer](#).

Institutional	Non-Institutional
<ul style="list-style-type: none">• Hospital• Hospital Outpatient Department• Skilled Nursing Facility (includes Parts A and B)*• Critical Access Hospital• End-Stage Renal Disease Facility• Home Health Agency• Hospice• Comprehensive Outpatient Rehabilitation Facility• Federally Qualified Health Center**• Rural Health Clinic***• Indian Health Services Facility	<ul style="list-style-type: none">• Physician• Non-Physician• Clinic/Group Practice• Pharmacy (enrolled as Part B)• Mass Immunizer (roster bill only)

*A SNF may either administer the vaccine directly to a resident who's in a covered Part A stay or under arrangement pursuant to which the SNF pays an outside immunizer to administer the vaccine. In both these situations the SNF must bill Medicare. However, during the public health emergency, we'll allow Medicare enrolled immunizers *who are not under arrangement with the SNF* to vaccinate Medicare SNF residents and bill directly to get reimbursed from Medicare. See the recent [enforcement discretion notice \(PDF\)](#) for more information. For a resident in a noncovered stay, either the SNF or the immunizer not under arrangement may bill for the shot.

**Report vaccine and administration on claim informationally; we pay vaccine and administration based on reasonable cost through the cost report process.

*** We pay vaccine and administration based on reasonable cost through the cost report process.
