Healthcare Business Specialists

Healthcare Business Specialists provides comprehensive consulting services to physician practices and Rural Health Clinics, helping them deliver high-quality primary care to underserved rural populations. Our team focuses on maximizing Medicare and Medicaid reimbursement while ensuring full compliance with Rural Health Clinic program requirements. Our services include cost report preparation, program evaluations, RHC startups and conversions, emergency preparedness compliance, CHOIs and CHOWs, RHC terminations, and feasibility studies—allowing us to support clinics at every stage of the RHC lifecycle.

Rooted in Experience. Supporting RHC Operations Since 1980. For more than four decades, Health Services Associates has partnered with Rural Health Clinics to deliver reliable, end-to-end operational support. Our services span every stage of RHC operations, including cost reporting and rate setting, credentialing, emergency preparedness, feasibility studies, medical billing and training, mock surveys, revenue optimization, plans of correction, policy development, and program evaluation.

Below is a complete checklist of HSA services, each grounded in the same commitment: helping Rural Health Clinics operate with confidence today and plan for the future. Services identified with Glacier™ below will be tracked and organized through Glacier™, HSA's exclusive RHC client web portal launching in 2026.

The Compliance Team is a woman-owned and operated accreditation organization. Not just any woman, but a nurse who strongly believes in simplification. Now, one automatically thinks that simplification means easy; however, in this case, it's about plain language embedded in comprehensive quality standards that simplify the understanding of the program requirements. Our Rural Health Clinic and Patient-Centered Medical Home programs are designed to guide you through the process of becoming accredited, which leads to being labeled as EXEMPLARY through National Recognition.

To go forward, step back. The path forward is always there — we help you find the right angle to see it. At Wipfli, we help you see the path forward with clarity and confidence. From financial consulting to digital transformation, our nationwide team partners with rural health clinics and critical access hospitals to deliver solutions that drive real results.

Our services include:

- Revenue Cycle Optimization and Reimbursement Consulting
- We take a comprehensive look at your revenue cycle to help you make informed decisions, minimize outstanding accounts receivable, and accelerate cash flow. Our compliance frameworks ensure you receive full payment for services while staying aligned with regulations.
- Digital Strategy, Outsourced IT and Cybersecurity
- From reducing costs to improving productivity and protecting sensitive patient data, our digital solutions are designed to move your organization forward.
- Capital and Facility Planning
- We help you identify and seize opportunities to enhance patient access, expand services, and strengthen your role in the community.

At Wipfli, we don't just offer solutions — we offer clarity, stability, and a path forward.
